

WAARC June 9, 2020 meeting minutes

The Hour of Power session this month was performed via the ZOOM video conference platform and was a presentation by Kerry, NH2A to describe Field Day and provide some background and basic information for those not familiar with the annual event.

Special Note: The meeting was provided via the ZOOM video conference because of the restrictions and precautions involved with the COVID-19 virus. Thanks to Dave, AJ4XV, for setting that up.

President Toby KLOSS called the meeting to order. There were 46 attending. Some practices were not possible due to the video conference mode of this meeting. Our Brag Can was one of the normal practices that was not available this month. Toby announced as Phase II of the virus precautions start some of the club activities would resume. The Saturday breakfast and the Wednesday brunch at Anna’s would be taking place. She also announced that Cynthia is working with Colonial Williamsburg concerning plans for the annual Colonial Williamsburg special event to take place on Saturday July 4. This time we will not be in a building, but we expect to operate outside in a field or parking lot. If this plan does not take shape, then the event will be operated in a distributed mode like the Jamestown event this year. Toby also reported the VE session on June 20 is still scheduled with 17 people signed up, but it may not be in the Bruton Fire station. Other reports were skipped to devote the entire meeting time to the program by Chuck, AI4WU, on “All about Field Day”. Chuck provided a comprehensive program on the concept, modes and rules, logging, operation ideas, and recommendations for all to be able to participate in Field Day since the club was not going to host the normal Field Day operation in the Little Creek Park.
