

WAARC June 13, 2017 meeting minutes

President Bobby, N5VCU, called the meeting to order and welcomed all. There were 25 who checked the sign in list. He also thanked Vice President Will (K4MI) for the fine food for our annual club picnic. This picnic meeting was held at the Little Creek Reservoir Park location off Forge Road, our Field Day location in Toano.

Treasurer Ted (W3TB) announced some brief field day plans. There would be a breakfast at Jimmy's the Friday morning before Field Day weekend and then the antenna work force would go to the park for antenna setup work. He also mentioned the plans to send funds collected from the equipment sale from Don, W4RDJ/sk to Mrs. Crutis. Chris (KC4CMR) indicated he would be sending invitations to the county staff and Chuck (AI4WU) would do the city staff. Chris would also invite the county CERT members, and Ed (K1NUH) would be inviting the city CERT members. Ed would also send the "press release" to the group. Business was suspended and all enjoyed the grilled burgers and dogs and other fixings. An added benefit was that Chuck brought his drone for us to try out.

The picnic was enjoyed by all, and there were lots of eyeball QSOs and good conversations. The Club sponsored the food and beverage; thanks to the picnic masters, and all who helped for their efforts. It was a great time.

Attendees:

AB2AN	John		KG4SMV	Steve		N5VCU	Bobby
AI4WU	Chuck		KL0S	Dino		no call	Veronica
AJ4RS	Bob		KL0SS	Toby		no call	Patty
